Japanese language and child-rearing class

Free

Non-native residents with small children may participate for free in a class the basics of the Japanese language and teaching child rearing. In the child-rearing section of the course parents can consult with an expert in childcare about various problems and worries. There will also be fun events! Day care services can be arranged for participants' children while they are in Japanese class. Participants are not required to attend every session and even residents without children may participate! Please take part in this course and make many friends at this class.
