Typhoons / Heavy Rain

台風・大雨

Get information about disasters in preparation for typhoons and heavy rains. Be sure to check the location of evacuation areas, as well as any places near your home, school or place of work that may be prone to flooding or landslides.

台風や大雨に備えて、災害に関する情報を入手しましょう。 自宅や学校、勤務先などのまわりの水害や土砂災害が起こりやすい場所や避難場所を確認しておきましょう。

Seasons to take particular care of

June– July	This period, known as the rainy season, sees regular rainfall. During heavy rains, landslides are liable to occur.
July- October	As typhoons approach and make landfall, wind and rain become stronger.
August- October	Regular rainfall, with some localized heavy rain.

注意が必要な季節

June– July	This period, known as the rainy season, sees regular rainfall. During heavy rains, landslides are liable to		6~7月	梅雨の期間は雨がよく降り、大雨になる と土砂災害が起きやすい。
July-	occur. As typhoons approach and make landfall, wind and rain		7~10月	台風が接近・上陸すると雨や風が強まる。
October	become stronger.		8~10月	雨が多く、局地的に大雨が降ることがある。
August-	Regular rainfall, with some localized heavy rain.			

Heavy rains & Typhoons

Heavy rains

A sudden change in the weather may give rise to heavy rains over a small area. The roads may flood with water. Watch out for lightening.

Typhoons

When a typhoon makes landfall, it will cause strong winds and heavy rains. Objects may be blown away by the wind. Trees and utility poles may fall over. Remain safely inside and do not go outdoors.

大雨と台風

急に天気が変わって、狭い範囲で激しい雨が降る。道に 水があふれることもある。雷にも気をつける。

台風が上陸すると暴風や大雨と なる。強風で物が飛んできたり、 木や電柱が倒れることもある。外 に出ずに安全な屋内で過ごす。

Things to bear in mind during typhoons and heavy rain.

- Check the latest weather information.
- Stay away from dangerous places such as the coast, rivers, cliffs and marshes.
- Be careful of floods and landslides.
- Confirm a safe route before evacuating. Take care not to f all into manholes or waterways.
- Train and bus services may be suspended, so please return home early.
- Power and water outages may occur, so please prepare head lamps and food.

台風・大雨のときに気をつけること

- ●最新の気象情報を確認する。
- ●海岸や川、崖や沢など、危険な場所には近づかない。
- ●浸水、がけ崩れなどに気をつける。
- ●安全なルートを確認して避難する。 マンホールや水路に落ちないよう注意する。
- ■電車やバスが止まることがあるので、 早めに帰宅する。
- ●電気や水道が止まることがあるので、 ヘッドライトや食料を用意しておく。

Key Points

- Do not wait for a level 5 warning to be issued. After level 5 warnings have been issued, safe evacuation is not possible and your life is in danger!
- After "Evacuation Orders" have been issued at Warning Level 4, everyone must evacuate from dangerous areas!
